

With a broad range of fittings, brackets and special accessories, the application options for Stabilus IndustryLine gas springs can be combined and extended in every possible way:

Various fittings such as fork heads, hinged eyelets, hinged joints etc. are suitable for all mounting applications in combination with the matching brackets for the product. Depending on the individual case, Stabilus IndustryLine supplies a variety of different fittings so that customers can select the best solutions from this intelligent modular system.

**Eyelets**
